His Excellency,

Dr. William Samoei Ruto,

President of the Republic of Kenya

State House, Nairobi

Your Excellency,

RE: REQUEST FOR A GARDENER POSITION

I respectfully write to request your kind consideration for a gardener position within your office or any government institution where such services may be required. I am a hardworking, reliable, and dedicated individual with experience in gardening, landscaping, plant care, and general maintenance of outdoor spaces.

I take great pride in keeping environments clean, orderly, and aesthetically pleasing. I work well independently and can also collaborate effectively in a team setting. I am disciplined, willing to learn, and ready to report to duty at any time if granted the opportunity.

I humbly request your support in securing this chance to earn an honest living. I would greatly appreciate an interview or any further instructions at your convenience.

Thank you very much, Your Excellency, for your time and consideration. May God continue to guide and bless you as you lead our nation.

Yours faithfully,

Chris Ochieng Odhiambo
