Professional Summary

I am a hardworking and motivated professional with a Diploma in Human Resource Management and practical experience in sales and marketing. I have worked in both sales and digital advertising, helping companies promote their products and services online. I also have skills in writing, transcription, and digital marketing, which I gained through certified training programs. I am passionate about helping businesses grow by reaching more customers.

Career Objective

To secure a position in Sales and Marketing where I can use my communication, digital marketing, and customer service skills to help a company grow and meet its goals.

Skills

- Good at selling and promoting products
