Personal Statement

I am a highly motivated focused and innovative qualified civil engineer technician with experience in engineering works; from the initial conceptual stages and feasibility studies, to the detailed final design. I have a passion for learning and developing new skills and I enjoy problem solving using established analytical methods and engineering principles. I am very keen to secure a challenging role in an engineering firm/company that offers early responsibilities and a steadfast career path.

Work Experience

Worked in conjunction with Cale Infrastructure from January 2022 to May 2022 as a attachee Coordinating with surveyors and contractors to ensure timely completion, whilst adhering to specifications. Conducting road earthworks, taking measurements and staff levels, with the aid of a dumpy telescope. Calculating the values and using them on the ground level. Directing plant operators on how to compact soil material and also levelling the ground.

Profile

I am a flexible, reliable and possess excellent timekeeping skills. I am an enthusiastic, motivated, responsible and hard working person. I am a mature team leader well adapted to all challenging situations.

Key Skills

Able to work individually, without direct supervision and also work as a dedicated member of a team, whenever required.

Excellent interpersonal skills

Good leadership skills

Edit with WPS Office

Good troubleshooting skills

Hobbies

In my spare time I really enjoy playing volleyball, because the sport keeps me fit, challenges my physical and mental limits and strengthens my team working skills. I enjoy watching a variety of sports, my favourite being football. I also enjoy listening to music.
