## Objective

---

Conduct thorough pre-flight safety checks of all emergency equipment, from first-aid kits to life vests and fire extinguishers. Deliver safety demonstrations to passengers, explaining the use of equipment and emergency procedures. Ensure all safety regulations are followed, such as checking seatbelts, securing galleys, and properly stowing carry-on luggage before takeoff and landing. Remain calm and act decisively in emergency situations, such as administering first aid or directing passengers during an evacuation. Monitor the cabin frequently for any security risks or suspicious behavior.
