

CURRICULUM VITAE

ERICK ONSARE OKIOMA

PERSONAL DETAILS

CAREER : MECHANICAL ENGINEERING PRODUCTION OPTION

PHONE NUMBER : 0706511339

EMAIL ADDRESS : ERICKONSARE03@GMAIL.COM

RELIGION : Christian sda

STATUS : Married

NATIONALITY : Kenyan

Date of birth : 29 th 2000

PARENTAL DETAILS:

Evans onsare : Father

Phone number : 0713156802

Beatrice onsare ; Mother

NEXT OF KIN

Christine okioma : wife

Phone number : 0700800946

JOB QUALIFICATIONS>MECHANICAL FITTER|TECHNICIAN

Am pleased to have done mechanical engineering production option and having worked as a mechanical technician for various industries with an experience of 3 years .Am up to the task as my career is concerned

The following are the highlights of my experience

Mechanical breakdowns, repairs and machine trouble shooting

1. .Assembly of engineering machine parts
2. .Servicing and maintainance of gerators and compressors

3. .Workshop machine maintainance
4. Plant machine maintainance i.e pumps and motors
5. .Interpretations of engineering drawings
6. Engineering AutoCad drawing exert
7. Engineering fabrications and welding
8. Expert using gas cutting
9. .Machine operator experienced
10. .Production of MS nails,biding wires,chainlinks and wire mesh experienced
11. .Aware of safety measures
12. .Computor expert in Ms word,type setting
13. .Basic electrical producers experienced
14. .Experinced in providing job quotations.

ACADEMIC QUALIFICATIONS

January 2018 to 2021 august: Pursued diploma in mechanical engineering production option from kabete national polytechnic from Nairobi.

FIELD OF STUDY.

- a. I trained mechanical engineering diploma level for 3 years
- b. Was introduced to engineering machines operations and maintainance
- c. Basic electrical principles
- d. Engineering drawing and 3D VIEWS
- e. Study of engineering materials suit for each structures of beams
- f. .Machine safety operations

Work experience

I am pleased to have undertaken asystematic study in mechanical engineering for 6 yrs now college plus field work and fit for any task in my field of study.Having worked so far in 5 different industries I bealive am competent to to any task given to me .The industries include

- Tiles <floor tiles and wall tiles> manufacturing company KEN TILES LTD
- Vehicle and automobile industry ISUZU EAST AFRICA COMPANY
 - .Silicate company Globsil Ltd
 - .Inland container depots
 - .Steel industry

ISUZU EAST AFRICA LTD> 1 ST ATTACHMENT

From 4th February to 31 st April 2019

I worked as an trainee at isuzu under the following roles and duties

1. worked at the company workshop for fabrication and welding
2. handled vehicle assembly of different parts i.e cabin and chassis for NPR, FRR, FVZ etc
 - a. PLANT maintenance of mobile machines i.e forklifts

March to May 2020 Kenya ports authority

This is government enterprise that deals with deporting of goods. While in the company I worked as an intern for a period of three months under the mechanical engineering department

ROLES AND DUTIES

1. Reporting to company engineer mechanical department daily
2. Worked at the company workshop under the skilled personnel's
3. Repair and fixing terminal railway lines
4. Daily maintenance of forklifts
5. Welding and fabrications

OCTOBER TO DECEMBER 2021

TONONOKA ROLLING MILLS LTD

This is steel industry that deals with manufacturing company of construction materials round bars and square tubes of all sizes.

I also worked as a mechanical intern for a period of 3 months.

DUTIES AND ROLES

1. Company plant machine repairs
2. Hoist maintenances
3. Fabrication and welding
4. Engineering designs and drawings
5. Basic electrical principles

JAN 2022 TO MAY 2024 KEN TILES LTD

This is tiles manufacturing company.

I worked as a mechanical fitter/technician for 2 years of contract under the supervision of the company engineer.

ROLES AND DUTIES

1. Repair and re setting of press dies of a press machine
2. Installations of pumps and motors
3. Installations air pressure lines
4. Installations of water systems

5. Installations of electrical cable supporters
6. Assembly of tiles trails
7. Welding and fabrications
8. Assembly drawings interpretations
9. Being shift team leader

SEP 2024 TO SEP 2025

MORAN WIRES LTD

This company deals with production of biding wires, chainlinks, Ms nails and wire mesh. Worked as a machine technician and operator

DUTIES AND ROLES

1. Production planning
2. Welding and fabrications
3. Electrical basic installations
4. Air pressure installations
5. Machine operations
6. Roofing structures
7. Lifting structures

Hobbies

Listening to gospel music

Watching sermons
