Bachelor of Science (Natural Resource Management)

Second Class Honors (Upper Division)

**St Paul's High School Kevote 2011-2014**

Kenya Certificate of Secondary Education

Mean grade B+

### **EXPERIENCE**

**Innovations for Poverty action**

**Senior Field Officer: September 2025 to date**

The Daycare Evaluation Program (DEP) Project is a project that seeks to evaluate the market- and firm-level impacts of an innovative social franchising model implemented by Kidogo that aims to improve childcare quality and access in multiple Counties in Kenya.

#### **Responsibilities**

- Assist in bench testing and piloting of the survey tool on SurveyCTO to ensure it is up to standard.

- Data collection management which includes leading a team conducting in-person and phone surveys and provide feedback on Survey CTO programming, assist in survey translations, overseeing, monitoring and conducting data collection.
- Work closely with the FM to ensure that all work schedules are received by the enumerators every morning before any activities begin.
- Ensure all teams have sufficient work for the day based on the work schedules and make changes/adapt if necessary.
- Ensure that all the teams have all necessary material/tools required for data collection. This must be made available on time.
- Attend an intensive training. Assist in regulating the project staff training.
- Assist in preparing the training materials for the field teams.
- Lead a team of FOs during pilot practice and provide feedback on questionnaire and Survey CTO programming.
- Ensure completion of scheduled activities each day in a timely manner including updating reports of work accomplished and call backs.
- Organizing data collected by enumerators, providing feedback on day-to-day operations and survey instruments.
- Maintain project inventory (electronic devices, stationery etc) in a safe and secure manner, frequently updating the FM and DEP management on their status.

## **CIFOR-ICRAF**

**Enumerator:** March 2025- May 2025

The project involved tagging of trees that were under the pilot project “Restoring trees and livelihoods in Kenya”.

### **Responsibilities**

- Conduct tree tagging pretest and actual tagging on farmer’s fields.
- Conducting field demonstrations and farmer training.
- Participate in team review meetings at the beginning and end of each day.
- Ensure that all project farmers within your enumeration area have all their trees tagged.

## **Innovations for Poverty Action**

### **Field officer: November to December 2024**

The research project focused on trade barriers for small-scale cross-border traders. An RCT was used to test whether giving information to traders about market prices, border prices and rates can affect bargaining, lower the cost at the border and affect small-scale traders' choices of trade route.

#### **Responsibilities**

- Participating in staff training and making efforts to improve on one's capacity.
- Data collection which includes conducting in-person with randomly selected respondents and providing feedback on Survey CTO programming, assisting in survey translations if needed.
- When not conducting interviews: conscientious performance of other duties (interview debriefing, daily update reports, following up on scheduled appointments, etc.)
- Completion of set target interviews each day in a timely manner.
- Ensure data integrity is always maintained and strict adherence to the data quality protocols.
- Ensure that the different interventions and incentives are delivered to the respondents.

## **Innovation for Poverty Action (IPA)**

### **Field officer: November 2022 to March 2024**

The project targeted dairy farmers in Nyandarua, Laikipia and Nyeri counties. The objective was to determine whether asset collateralized loans would help improve loan uptakes and help farmers acquire more assets to improve their production.

#### **Skills acquired**

Working with a research organization gave me the opportunity to learn the conceptualization, design and implementation of research projects.

#### **Achievement**

The organization has a platform where outstanding employees are nominated and recognized for their exemplary performances. Due to my commitment, integrity and passion for work I was recognized as an employee with integrity.
