Radio controller office, supervisor

Sanken Construction  
Senior Security Supervisor

Jan 2019 - Jul 2024 | Mombasa, Kenya

- Proven leader in devising and executing robust security strategies that enhance organizational safety and risk management. Skilled in conducting thorough security assessments and audits to identify vulnerabilities and reinforce preventive measures. Established and maintained effective communication between security teams and management, ensuring alignment on objectives and protocols.
- Trained and mentored security staff, fostering a culture of vigilance and accountability.
- Developed incident response plans, significantly reducing response times and enhancing overall security readiness.
- Utilized advanced surveillance technologies and systems to monitor and protect key assets, resulting in a measurable decrease in security breaches.

Recognized for exceptional decisionmaking skills during crisis situations, ensuring quick and efficient resolution to security challenges.
