## PROFILE

---

I am Remson Pascali from Kakamega County, born 21/06/1999

I am highly motivated graduate with a passion for excellence and a strong desire to contribute to impactful work and projects.

I am committed to continuous improvement and aspire to excel as a biologist with an impact of saving life and creating a world to be a comfort zone for every minute of life.

I am seeking an opportunity to leverage my knowledge and skills to drive innovation and deliver vibrant exceptional results.

## PROFESSIONAL EXPERIENCE

---

January 2021 –

**Masinde Muliro University of Science and Technology,**

November 2021

Laboratory attendant

Kakamega County,

Having a great chance to serve Masinde Muliro University as a

Kenya

Laboratory attendant for one year equipped me with substantial experience of problems solving and strategic thinking in relation.

I also gained working experience in relation to research and teaching to help the world continue with scientific research.

Laboratory attendant improved my skills to the extent of being able to manage projects either way.

## EDUCATION

---

September 2019 –  
July 2023  
Kakamega, Kenya

**Bushiangala technical training institute**, Diploma

- Diploma in applied biology has equipped me with substantial knowledge and skills to solve environmental problems with aim of creating a world which supports life and saves life as well.
- Today's world depends on science which is a reliable way of solving unpleasant problems that may hinder better life.

February 2015 –  
December 2018  
Kakamega, Kenya

**Burendwa Secondary School**, Kenya Certificate of Secondary Education

Through my secondary school education at Burendwa secondary I gained certificate with mean grade of C plain .

I've attached my certificate incase of verification.

January 2006 –  
November 2014  
Kakamega, Kenya

**Lugusi Primary School**, Kenya Certificate of Primary Education

I attended all my primary education at Lugusi primary till standard eight level and gained 275 marks which was above pass mark as the school stated.

## LANGUAGES

---

**English and Kiswahili** (I understand and speak English as well as Kiswahili since the two are the main national recommended language)

## SKILLS

---

★**Teaching and Research** (Projects and researching has equipped me with teaching skills to an extent of making someone enjoy what am tutoring. I've also gained skills to handle any kind of laboratory in relation to biological science department.) • **Project management** (In diploma applied biology level I did project work to fulfill my course as required by the institute for course work. I did project on risks factors associated with helminthes and I end up garnering skills of managing any kind of project work.)

## INTERESTS

---

**Researcher** (I'm interested in working with scientific research institutes like KEMRI and KALRO.) • **Teaching** (I would like to be a tutor of biological sciences in tertiary institutes) • **Laboratory attendant** (I'm also interested in laboratory attendant work either in a hospital, tertiary institute or research institutes .)
