Apart from being a very safe and responsible Focal Volunteer, He was instrumental and supported the project on Monitoring and evaluation aspect. He is very hardworking, always willing to work in any capacity in addition to his own responsibilities, whether at office or field helping the teams in their work, no job is too much for Jibril and this attitude combined with his dedication and loyalty to the Programme and the teams has made a deference to the successful running of the base and the implementation of the programs.

On a personal level Jibril, is a pleasure to work with, cheerful, generous, approachable, a team player and always ready to offer help to anyone who needs it. He is completely reliable, honest and an asset to logistics and administration team.

I would have absolutely no hesitation in recommending Jibril to any future employer.
