healthcare environments while
maintaining high standards of care.

PROFESSIONAL EXPERIENCE

Clinical Officer

Chadwick Medical Centre —2024 to Present

- Delivered primary healthcare services to patients across a range of conditions, including chronic diseases, infections, and injuries.
- Provided emergency care and triaged patients, determining the level of urgency and providing immediate treatment where necessary.
- Prescribed medications, treatments, and follow-up plans, ensuring patient understanding and adherence.
- Conducted routine physical examinations, diagnostics, and health screenings.
- Provided counseling services for patients with chronic conditions, encouraging lifestyle changes and treatment compliance.
- Collaborated with senior healthcare professionals in patient management, particularly in complex cases.
- Educated the community on preventative health measures and health promotion initiatives.

Clinical Officer

St Elizabeth Medical Centre —April 2023 to June 2023

- Provide comprehensive care in a maternity and specialist hospital setting, including prenatal, antenatal, and postnatal care for mothers and infants.
- Perform initial patient assessments, including physical examinations, diagnostic tests, and imaging interpretation for pregnant women and newborns.
- Administer and prescribe medications, vaccinations, and treatment regimens as per patient needs.
- Educate patients and families on maternal health, newborn care, and family planning.
- Coordinate with obstetricians, pediatricians, and other healthcare providers to deliver holistic care.

Clinical Officer

Bumala A Health Centre — Dec 2022, to March 2023

- Led patient care in a fast-paced clinical environment, providing diagnosis, treatment plans, and follow-up care.
- Rotated across multiple departments, including pediatrics, surgery, obstetrics and gynecology, and internal medicine, ensuring comprehensive medical care for diverse patient populations.
- Conducted initial patient assessments and triaged incoming cases, prioritizing care based on medical urgency.

Confidentiality & Professionalism

Committed to maintaining patient confidentiality and upholding the highest level of professionalism in all interactions.
