### Professional Summary

---

I am a passionate and experienced teacher with over 25 years of teaching in both local and international schools. I specialize in History, Kiswahili, Religious Education, Global Citizenship, Law and Global perspective. I have taught students across different levels, from lower to upper secondary. Over the years, I have gained strong skills in lesson planning, student mentorship, and classroom management.

I have also worked with both the Kenyan national curriculum and international systems like IGCSE and Edexcel, which has helped me understand how to teach students with different learning needs. I enjoy working with others, especially in team settings, and I believe in nurturing students not only academically but also in character and values.
