Work Experience

2023 - Present

Ministry of Transport and Infrastructure - Kenya
Plant Operator and Driver

- Operate and maintain heavy-duty vehicles and machinery for infrastructure projects, ensuring adherence to safety standards.
- Conduct site inspections to identify potential security vulnerabilities and assist in developing mitigation strategies.
- Ensure compliance with government transportation and operational safety protocols to prevent accidents and security risks.
- Coordinate with law enforcement officers and emergency responders during critical operations.

2021 – 2023

KK Security Company – Kenya

Security Guard

- Provided security services for high-risk commercial and residential properties, preventing unauthorized access and criminal activities.
- Conducted routine patrols, monitored CCTV and surveillance systems, and responded promptly to security breaches.
- Assisted in emergency situations, including fire evacuations, medical incidents, and conflict de-escalation.
- Reported security incidents, compiled detailed logs, and communicated effectively with supervisors and local law enforcement.
- Trained in conflict resolution techniques to manage and diffuse potentially dangerous situations.

2019 – 2021

Red Cross – Kenya

Volunteer – Disaster Action Team

- Responded to emergencies such as natural disasters, accidents, and health crises by providing first aid and humanitarian assistance.
- Conducted thorough risk assessments in disaster-prone areas to assist in proactive emergency planning and preparedness.
- Assisted in shelter operations, coordinating aid distribution, and ensuring affected individuals received necessary support.
- Trained in disaster response protocols, evacuation procedures, and emergency medical care to enhance community resilience.
- Collaborated with government agencies, NGOs, and local communities to develop crisis management strategies.
